Introducing...

Sport Resource Group's Fusion Safety Pads... a revolutionary new product that keeps the game safe at every level of play. The first step to reducing concussions/head injuries starts with the SRG Fusion Safety Pad. SRG Fusion Safety Pad reduces the risk for serious head injury significantly. SRG Fusion Safety Pads are made with an advanced foam product designed to lessen head injury upon impact. Don't sacrifice safety when selecting the best termination pads for you and your players. Choose what the pros choose...Sport Resource Group's Fusion Safety Padding.

Advantages

- Tests show the SRG Fusion Safety Pad reduced the risk for serious head injury 99%* when compared to no padding at all and by 98%* when compared to the industry standard safety padding
- Tests show the SRG Fusion Safety Pad reduced the forces associated with concussions by 87%* on average when compared to no padding at all and 78%* on average vs. the industry standard pad
- Exterior: Covered in a tough tear-resistant vinyl
- SRG Fusion Safety Pads are easily attached using two separate 2" wide x length of pad Velcro strips or three separate wrap around Velcro strips (included).
- Choose from the L-shaped design (used in conjunction with any 90-degree angles) or U-shaped design used to wrap around a single stanchion.
- Size 4" wide x 4.5" wide x 48", 60" or 72" high
- Custom screenprint logos are available at an additional cost
- Patent-pending

*test results based on a 9.5 mph head impact performed with a non-helmeted 50th percentile male anthropomorphic test device
